Mr. Wygard was a very well known "Boss-man" for many years.

Ron Larson was an expert boat builder--three of his favorite accomplishments are shown.

Mr. Demase was a commercial fisherman and also a very avid sportsman. The carving is copied from one of his favorite paintings.

The well known logging book "Big Sam" was written about Samuel J. Churchill.

A scale of Ted's favorite D2 "Cat" that he operated. The subtle carving of gears giv it a feeling of motion.
